

# ECO - BC204

## INSTRUMENT CLUSTER FOR TRACTORS

- ✓ Designed and manufactured in Turkey.
- ✓ **Semi-programmable digital instrument cluster.**
- ✓ **Programmable via computer.** Configuration settings can be uploaded or downloaded with computer software.
- ✓ Compatible with all fuel sensors and engine temperature sensors. Sensor **parameters can be configured via computer software.**
- ✓ Standby current consumption is only **0.01mA.**
- ✓ 26 pcs LED indicators and 5 LCD indicators.
- ✓ **Automatic light intensity adjustment** (easy on the eye).
- ✓ Speed, RPM, fuel level, engine temperature, odometer and total engine hour meter can be shown on product.
- ✓ **CAN BUS** version is available.
- ✓ Certificated **IP66** grade housing.
- ✓ Easy locked connector and springs at 4 sides **provides additional security.**
- ✓ **Quick montage** (no screws needed).

# ECO - BC204

## INSTRUMENT CLUSTER FOR TRACTORS

Operating Voltage	9V-16V DC
Operating Temperature	-25°C / +70°C
IP Grade	IP66 (From Front Side)
Vibration Resistance Grade	5g (16-50 Hz / 0.5mm)
Electromagnetic Test Grade	ECE R 10
Stand-by Current Consumption	~0.01mA
Display Type	Custom LCD
Total Indicator	31 pcs
Mating Connector	AMP 929053-1
Dimensions	256 x 140 x 44 mm
Housing Material	UV resistant PC + ABS
Installation	Easy Installation via 4 Springs
